Use: For businesses with an inspection contract with Austria Bio Garantie GmbH, as well as with ABG branch offices.

On the product: The ABG logos may in principle only be applied on products which have carried out the last step of production or processing and by those companies which have a valid inspection contract with the inspection body Austria Bio Garantie.

Furthermore, these products must comply with the provisions of the Council Regulation (EC) No 834/2007 and its implementing rules, as amended, or the Guideline "Organic Production", as amended and may bear a reference to organic production in the sales description.

For all other businesses that have a valid inspection contract with the certification body Austria Bio Garantie, but do not themselves carry out the final step of production or processing for the product, a written approval must be submitted by the certification body Austria Bio Garantie for the product declaration.

If several companies are declared on the label, no misleading with respect to the responsible inspection body may arise from the use of the logo!

Agricultural enterprises may use the logo only on organic products, not on products in conversion.
